## **Top Reasons to Join Materials Engineering Financial Benefits**

For students enrolled in Materials Science and Engineering from New-England states outside of CT (RI, MA, VT, NH, ME), the tuition is far less than the regular out-of-state tuition.

During the '13-'14 academic year, for example, the tuition for students from CT is \$9,256; the out-of-state tuition is \$28,203 while the tuition for students enrolled in MSE from RI, ME, MA, VT, and NH is \$16,198.
